

# Achucarro

INTERNATIONAL  
**GLIA SCHOOL**

frontier research in  
glial cell biology

Achucarro Basque Center for Neuroscience, a unique research centre established in Bilbao organises a new concept of advanced training course for **Glia scientists**.

The focus of this School is to foster close interactions between the speakers (*mentors*) and the students and inspire elaboration of new collaborations/projects during a **three-day course** consisting of: (a) **Practical demonstrations of state-of-the-art techniques** and (b) **Brainstorming sessions (in groups) for designing an innovative research project**.

Our speakers/mentor for this edition are:

**Astroglia:**

Juan Pedro Bolaños (Spain)  
Alexei Verkhratsky (UK)  
Elena Alberdi (Bilbao)

**Microglia:**

Ádam Dénes (Hungary)  
Diego Gómez-Nicola (UK)  
María Domercq (Bilbao)

**Oligodendroglia:**

Anne Baron Evercooren (France)  
María Cecilia Angulo (France)  
Susana Mato (Bilbao)

**Radial glia and Stem cells:**

Elena Mira (Spain)  
Noelia Urban (Austria)  
José Ramón Pineda (Bilbao)

Stipends  
available

Bilbao (Spain)  
June 27 to 29, 2018

Tuition<sup>(\*)</sup>: 400 EUR

\* includes accommodation & meals

Applications  
From Sep 15 to Nov 30 2017
